### *In Case of an Injury-*

*Remain calm; if athlete sees you calm they will most likely be calm.*

A: Athlete is on the field and unable to move (ie: unconscious, deformity of extremities):

1. Coach/ teammate or other is sent to get Medical Staff &/or Table Staff call via radio
2. Medical Staff will evaluate the injury and decide appropriate action
  - a. Medical Staff decides ambulance is needed and will call **911**
    - Event Manager/ Event Staff/ Coach/ Adult will be sent to guide ambulance
  - b. Private transport is opted opposed to Ambulance  
Medical Staff will assist in organizing transport  
(Note: Hospital Information is located on back of this page)
  - c. Medical Staff deems no ambulance is required
    - Medical Staff will take appropriate actions on evaluation and treatment to ensure safety of the athlete.

B. Athlete is able to safely go to Medical tent:

1. Medical Staff will evaluate injury and select appropriate treatment for the injury to ensure the safety of athlete.
  - a. Athlete is able to return to activity
  - b. Athlete is unable to return to activity
    - Where appropriate athlete will be provided with a local referral source for treatment or care.

### **Medical Records:**

The Medical Staff will record injuries and treatment given in a medical report.

The reports will be stored by the Medical Director and all copies of medical records are available upon athlete's request.
